

SCBA Summer Internship for High School Students (Application Portal Open!)

Introduction:

The SCBA Summer Research Program (SRP) is an intensive, 8-week, unpaid internship for high school students. It is designed to provide research experience and mentorship for high school students interested in biomedical research. The program offers a great opportunity for students to try something new or take their experience to the next level. Under the guidance of a biomedical professional, interns will participate in the ongoing research (including benchwork and/or data analysis), and present their findings either within the team or at the SCBA regular academic seminars.

The program runs from the first week (June 20th) of the summer quarter for 8 weeks. Students must be able to commit to this entire period in order to participate. Interns are responsible for securing their own housing, transportation, and other personal expenses during their internship.

Eligibility Requirements:

- 1) Students who will be entering grades 10, 11, and 12 in the coming school year are eligible (students entering grade 9 in the fall or graduating from high school in the summer are not eligible).
- 2) Strong biomedical interest and related background.
- 3) Available for the entire eight-week program.

Application Procedure:

- 1) Fill out the online form on the website through [this link](#), which includes a number of short-response questions or essays.
- 2) Provide contact information and request two reference letters to be sent to SCBA.
- 3) Upload a PDF document of your recent school transcript.
- 4) Upload a PDF document of your resume.
- 5) Attend a Zoom interview (for the finalists) with the Selection Committee.

All application components and two letters of recommendation are required. Application is due on June 1st this year. All eligible applications will be reviewed by the SCBA Summer Internship Subcommittee. Internship offers will be released on June 9th and all applicants will receive a decision letter.

For any questions, please contact scba.internship@gmail.com.
